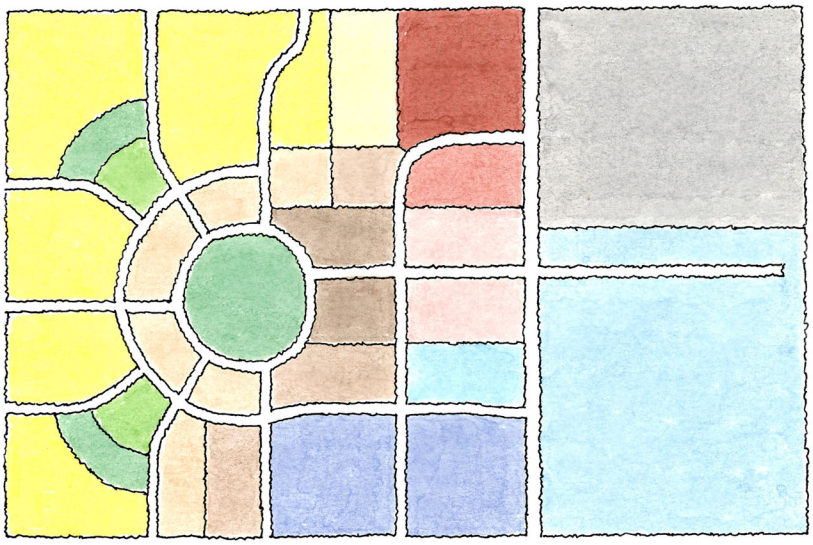
West Landing Specific Plan Project

Draft Environmental Impact Report

SCH No. 2008122087



August 2010

City of Ceres
Planning and Building Division
2220 Magnolia Street
Ceres, CA 95307

LAMPHIER - GREGORY
URBAN PLANNING, ENVIRONMENTAL ANALYSIS & PROJECT MANAGEMENT | 510.535.6690

CONTENTS

Page

Chapter 1: Introduction **1-1**

Chapter 2: Executive Summary and Impact Overview **2-1**

Chapter 3: Project Description **3-1**

Chapter 4: Aesthetics **4-1**

Chapter 5: Agriculture **5-1**

Chapter 6: Air Quality **6-1**

Chapter 7: Biological Resources **7-1**

Chapter 8: Cultural Resources **8-1**

Chapter 9: Geology and Soils **9-1**

Chapter 10: Greenhouse Gas Emissions **10-1**

Chapter 11: Hazardous Materials **11-1**

Chapter 12: Hydrology **12-1**

Chapter 13: Land Use and Planning **13-1**

Chapter 14: Mineral Resources **14-1**

Chapter 15: Noise **15-1**

Chapter 16: Population and Housing **16-1**

Chapter 17: Public Services and Recreation **17-1**

Chapter 18: Transportation and Circulation **18-1**

Chapter 19: Utilities and Service Systems **19-1**

Chapter 20: Other CEQA Considerations **20-1**

Chapter 21: Alternatives **21-1**

Chapter 22: References **22-1**

Technical Appendices

(For hard copies of this Draft EIR, all technical appendices are included on a CD inside the back cover.)

Appendix A - Notice of Preparation (NOP) and Comments
Appendix B - Air Quality Analysis
Appendix C - Biological Resources Assessment
Appendix D - Cultural Resources Assessment
Appendix E – Greenhouse Gas Emissions Calculations
Appendix F - Traffic Study Materials
Appendix G - El Rematito Flea Market Supplemental Traffic Study
Appendix H – West Ceres [West Landing] Specific Plan Water Supply Assessment

Table 2.1: Summary of Project Impacts and Mitigation Measures 2-10
Table 3.1: Land Use Summary 3-7
Table 6.1: Health-Based Ambient Air Quality Standards 6-8
Table 6.2: Summary of Criteria Air Pollution Monitoring Data 6-9
Table 6.3: Regional Attainment Status 6-10
Table 6.4: Unmitigated Project Construction Emissions 6-17
Table 6.5: Predicted Annual Unmitigated Project Operational Emissions 6-19
Table 6.6: Predicted 8-hour Worst Case Carbon Monoxide Levels 6-21
Table 7.1: Special-Status Species Documented or Potentially Occurring in the Project Vicinity 7-8
Table 9.1: Modified Mercalli Earthquake Intensity Scale 9-3
Table 10.1: Annual Operational CO_2 Emissions 10-10
Table 10.2: Greenhouse Gas Reduction Measures 10-11
Table 10.3: Potential Greenhouse Gas Emission SJVAPCD Quantified Reduction Estimate 10-14
Table 10.4: GHG Reductions from Application of New Regulations 10-14
Table 10.5: Summary of Project GHG Reductions 10-14
Table 15.1: Definitions of Acoustical Terms 15-2
Table 15.2: Typical Noise Levels in the Environment 15-3
Table 15.3: Reaction of People and Damage to Buildings for Continuous Vibration Levels 15-5
Table 15.4: Noise Level Performance Standards For Projects Affected By Or Including Non-Transportation Sources 15-4
Table 15.5: Feasibility of Developments with Respect to Noise 15-8
Table 15.6: Maximum Allowable Noise Exposure-Transportation Noise Sources 15-9
Table 15.7: Summary of Noise Measurements 15-13
Table 15.8: Existing and Projected Roadway Noise Levels and Reductions Required to Meet Standards 15-15

Table 15.9: Future Day/Night Average Noise Level at the Proposed Roadways.....15-15
Table 15.10: Substantial Increases to Traffic Noise Levels in the West Landing Specific Plan Area and Vicinity 15-19
Table 16.1: Demographic Forecasts in Stanislaus County 16-1
Table16.2: Estimated Employment Potential West of Crows Landing Road 16-4
Table 17.1: CUSD Plan Area Student Generation 17-12
Table 17.2: CUSD School Capacity and Enrollment 17-13
Table 17.3: MCSD Plan Area Student Generation.....17-15
Table 17.4: MCSD School Capacity and Enrollment.....17-15
Table 17.5: Parkland Requirements 17-21
Table 17.6: Parkland Acreage and Credits 17-22
Table 18.1: Project Trip Generation.....18-18
Table 18.2: Existing plus Project Peak Hour Intersection Level of Service 18-25
Table 18.3: Existing Plus Project Conditions – Roadway Segment Level of Service.....18-34
Table 18.4: Existing Plus Project Freeway Mainline Level of Service.....18-37
Table 18.5: Existing Plus Project Freeway Interchange Level of Service 18-40
Table 18.6: Cumulative Peak Hour Intersection Level of Service 18-45
Table 18.7: Cumulative Plus Project Conditions – Roadway Segment Level of Service 18-60
Table 18.8: Cumulative Plus Project Freeway Mainline Level of Service.....18-64
Table 18.9: Cumulative Plus Project Freeway Interchange Level of Service 18-66
Table 18.10: Project Traffic at Railroad Crossings 18-67
Table 18.11: Queue Lengths on Approach to Crossings 18-68
Table 21.1: Rough Estimates For Comparison of Alternative 2 to the Proposed Plan.....21-6
Table 21.2: Rough Estimates For Comparison of Alternative 3 to the Proposed Plan.....21-10
Table 21.3: Rough Estimates For Comparison of Alternative 4 to the Proposed Plan.....21-14
Table 21.4: Alternative Comparison 21-18
