

Do you have old electronic equipment that you need to get rid of?

Don't throw the equipment in the trash. There are several options in the Ceres area to recycle electronic equipment.

## **E-Waste**

### **Collection Program -Year Round!**

**Stanislaus County has an electronic waste drop-off program.**

Citizens may drop off the items listed below at the Household Hazardous Waste Collection and Electronic Recycling Facility, 1716 Morgan Road, on Fridays and Saturdays, 9:00 a.m. to 1:00 p.m., except for holidays, 525-4123 or 525-6700.

Accepted items include: cell phones, televisions, computer monitors, laptops, computers, printers, fax machines, and copiers.

### **Call Bertolotti Ceres Disposal for a Coupon 537-1500**

Ceres residents and businesses may also call Bertolotti Disposal, 537-1500, for a coupon to drop off televisions, computer monitors and laptops at the Bertolotti Transfer Station, 231 Flamingo Drive, Monday through Saturday.

---

### **New Recycling Opportunities**

State law **requires retailers** who sell rechargeable batteries (except grocery stores) to take back old rechargeable batteries. Another State law requires retailers and companies who sell cell phones on-line or at a store to take back cell phones so that they can be recycled when they become obsolete.

Never place the above items in the trash. For additional information on recycling in Ceres, call the Public Works Department - Engineering at 538-5792.
