CITIZEN COMMUNICATIONS to the Council on matters not included on the agenda (five minutes).

Lee Brandt spoke regarding illegal fireworks. He stated that an illegal fireworks task force is needed during the 4th of July. He understands the City's budget constraints, but something needs to be done. He commented that fines should be increased to \$10,000 for the first offense, \$15,000 for second offense and community service from 100 to 200

hours. He further stated that as a member of the Measure H Oversight Committee, he understands that Ceres voted for the half-cent sales tax increase to increase the safety and welfare of Ceres residents. He believes that instead of the Public Safety Departments buying what they want, he would like to see Public Safety use that money to keep the residents of Ceres safe.

Richard Evans, Ceres residents stated that he knows that there has been some discussion in the community regarding the banning of all fireworks. However, firework booths generate money for non-profits, such as the Boy Scouts, Girl Scouts, and church and youth organizations. It also provides sales tax to the City. He has volunteered at his church's fireworks booth for the past three years and his booth does not sell loud fireworks. They only sell the sparklers. The illegal fireworks are the ones that are causing the problems.

Mayor Vierra commented that he intends to request that the City Manager bring back a special study session to discuss the fireworks issue. He would like to be provided with some insights on what other jurisdictions are doing. Council Member Ryno agreed and asked that something be put in place before next year, as there are also issues on New Year's Eve.

City Manager Wells stated that he can return with a discussion item on the first or second Council meeting in August.

Dave Pratt stated that during his morning walk on the trail, he found a handful of fuses about a foot long. His guess is that those are being tied to light fireworks. The person lights the fuse and leave the area to avoid detection.

Don Cool commented that he is glad to hear that the fireworks issue will be discussed. He described his experience and frustration with the illegal fireworks being lit in his neighborhood. He detailed an event that occurred with a neighbor that was lighting illegal fireworks. He further commented that the State of Wisconsin started a program that utilizes a citizen group of about half dozen people. Those people use their own vehicles and patrol the neighborhoods and call the Police to give the locations of where there are illegal fireworks.

Gene Yeakley stated that it is evident that fireworks are an issue and that it is disturbing a lot of people. He usually leaves the City during the 4th of July to avoid the noise. He is a war veteran and suffers from anxiety. He suggested that a \$2,000 fine be considered for illegal fireworks. Also, the offenders should be subject to arrest. He also commented on an issue with signage at Walmart. He noticed that the sign in question was removed after his call to the City. There are issues with signs being posted and he wondered if people are getting fined. He also spoke regarding the posting of signs on utility poles and the responsibility of the organization that the utility poles belong to.

Verna Evans stated she agrees that loud fireworks are a nuisance. She understands the pros and cons of the issues regarding safe and sane fireworks and illegal fireworks. There are two separate issues. She has worked with firework booths for some time and sees the money that it raises for the children's ministry and youth ministry, as well as other services to the community. The money raised goes to good causes. There are two issues, and she does not want to see the local people hurt by others with illegal fireworks.

Sheila Brandt, invited everyone to attend the Concerts in the Park that will be held tomorrow. The concert will consist of 1940's music. She also mentioned that last week, Whitmore Park did not look clean for the concert held that evening. She asked that someone go out and look at it before tomorrow's event.

- Council Member Ryno commented on the Neel Park improvements. She recently visited that park with her grandchildren and it looked fabulous. She loves the sail cloths all over the area that help keep it cool. It's too bad that they can't get a grant to retrofit the existing parks with the sails. She was disappointed at all the trash in the park. It was very disheartening that people would go to the new playground and leave trash behind. They personally picked up water bottles and candy wrappers left behind.
